NOOKA STOOL

NOOKA STOOL WITH BLACK SEAT

The elegant stool is made from FSC acacia wood and upholstered with durable PE material in black. The wood is oiled for an elegant look and better durability.

The first furniture in the NOOKA series is versatile and suitable for both indoor and outdoor use. Made from strong and durable PE material in black, they offer comfortable seats and backrests for every occasion.

With the environment in focus, we use FSC-certified acacia wood to complete the beautiful design. FSC stands for "Forest Stewardship Council" and is an international non-profit organization working for sustainable forest management.

By choosing FSC certified wood, we ensure that our products come from forests that are managed with respect for both people and the environment and that there is no overharvesting or damage to biodiversity.
