ROSE GOLD PAN 20 CM HYBRID

The Hâws Santo Rose Gold Series 20 cm frying pan combines functionality, quality and style in an elegant, compact design. Crafted with advanced 3-layer multi-layer technology – stainless steel inside and out with an aluminium core – it ensures fast and even heat distribution for consistently perfect cooking results.

The PFAS-free hybrid non-stick coating provides a durable, environmentally friendly surface that easily withstands use with metal utensils – without compromising its long-lasting performance. The coating also makes the pan easy to clean.

The frying pan is oven-safe up to 260 °C and suitable for all types of hobs – including induction – up to 400 °C, giving you maximum flexibility in the kitchen no matter your cooking method.

The heat-insulated handle offers safe and comfortable handling, even at high temperatures.

Certified according to the Recycled Blended Claim Standard, meaning that parts of the materials come from verified recycled content – a guarantee of responsible production and supply chain transparency.

A stylish and versatile choice – perfect for everyday cooking as well as more demanding recipes. Discover more matching products in the Rose Gold Series.
