## FRYING PAN SET 20 + 24 + 28 CM HYBRID

The Hâws Santo Rose Gold series frying pan set combines functionality, durability and style in a thoughtful, modern design that makes cooking easier and more efficient. With three different sizes, you are well equipped for everything from breakfast to quick everyday meals.

The pans are crafted using advanced 3-layer multi-ply technology – stainless steel on the inside and outside with an aluminium core for efficient and even heat distribution. This ensures perfect frying results every time, whether you are preparing morning eggs or a larger dinner.

The durable, PFAS-free Hybrid non-stick coating is suitable for use with metal utensils and makes cleaning effortless. The ergonomic handles remain cool during use and provide a stable, secure grip. Even at high temperatures.

The pans are oven-safe up to 260 °C and hob-safe up to 400 °C, and they are suitable for all heat sources – including induction.

Certified according to the Recycled Blended Claim Standard, meaning that parts of the material come from verified recycled content – a guarantee of responsible production and transparency throughout the supply chain.

Whether you are new to cooking or an experienced food enthusiast, this pan set offers a perfect combination of versatility, high quality and elegant design. Part of the Hâws Santo Hybrid series – created to elevate your cooking every day.
