## ELECTRIC SPICE GRINDER

Hâws electric spice grinder is a universal grinder that can be used for virtually all dry spice types. The product can be used with just one hand and requires no twisting or pressure to release spices. When the grinder is tilted forward it will automatically start grinding the spices. A perfect product to have in the kitchen if you need to use one hand for stirring and tasting or for people with reduced strength/hand problems. It is possible to adjust the coarseness of the grinder by turning the tip.
