

AIR FRYER 7,2 LITRES

hâws

AIR FRYER 7,2 LITRES 1800W

With this Air Fryer you can easily cook crispy and juicy food without the high calories and large amounts of oil.

The air in the Air Fryer circulates faster and the cooking time is shortened compared to a traditional oven. The shortened cooking time can save on your electricity bill.

With a capacity of 7.2 L, you can make large portions of your favourite dishes for family or friends in no time.

The cool touch handle makes it easy and safe to handle the drawer after cooking. The drawer and rack are dishwasher safe for easy cleaning.

You can adjust the temperature to your preference with the adjustable thermostat (from 60-200°) and plan your meals with the timer function or use one of the 8 pre-set programmes.

It includes a dehydrator function that allows you to dry fruits, vegetables and meat without losing their flavour and nutritional value. When the dish is ready, you'll get a buzzer signal to alert you that the food is ready.

With anti-slip feet, it stands firm and stable on your kitchen table.

The coating is ILAG and it is PFAS free.
