AIR FRYER 5.5L 1500W

Introducing our latest addition to your kitchen: the powerful Hâws Airfryer with 5.5L and 1500W. With its innovative design and advanced features, it allows you to prepare delicious and healthy meals in a simple way.

TRANSPARENT GLASS PANE ON THE BASKET so you can easily keep an eye on cooking without having to open the lid. The digital temperature control lets you precisely set the temperature from 80 to 200 degrees Celsius, while the 60-minute timer ensures your dishes are always cooked perfectly.

8 PRESET PROGRAMS allow you to choose the right cooking method with ease. The 5.5 liter cooking surface with non-stick PFAS-free coating provides enough space to cook large portions in one go.

For your safety, our Airfryer is equipped with overheat protection and an auto-off function that is activated when the lid is opened. In addition, the practical LED display with touch screen gives you easy access to all functions.

OUR AIRFRYER HAS A PFAS-FREE COATING, which means your meals are always cooked healthy and safe. With a built-in timer beep function and a modern and elegant finish, our Airfryer is the perfect choice for any cooking enthusiast.
