DIGITAL KETTLE

DIGITAL KETTLE

Smart Functionality in a Sleek Design

Experience the ultimate blend of precision, ease of use, and aesthetics with the digital kettle from Hâws. Thoughtfully designed for the modern, style-conscious home, this kettle fits seamlessly into any Scandinavian-inspired kitchen.

With its intuitive touch controls and precise temperature settings ranging from 40°C to 100°C, the Hâws kettle ensures the ideal temperature for everything from green tea and baby formula to freshly brewed coffee and boiling water for cooking. The digital LED display shows both the current temperature and your selected settings, giving you complete control at all times.

Precise Temperature Control: Choose from 40, 70, 80, 90 or 100°C – or fine-tune using the +/- buttons.

Keep Warm Function: Keeps water warm for up to 2 hours – perfect for busy days or slow mornings.

Minimalist Operation: One touch – and the water heats up quickly and efficiently.

Elegant, Functional Design: Matte black finish, concealed heating element and ergonomic handle ensure both style and safety.

Top-Tier Safety: Automatically switches off in the event of dry boil, overheating or when the kettle is lifted.

CAPACITY 1,7 L
