User manual

Thank you to have purchased a product brand Livoo. We take great care in design, ergonomics and simple use of our products. We hope that this product will give you complete satisfaction.

PLEASE READ ALL INSTRUCTIONS CAREFULLY

This instruction manual is also available on our website www.livoo.fr

BEFORE USING THE APPLIANCE FOR THE FIRST TIME, PLEASE READ THESE SAFETY INSTRUCTIONS CAREFULLY AND KEEP THEM FOR FUTURE REFERENCE.

1. Keep the original product documentation for future reference.
2. No parts can be repaired or replaced by the user.
3. Keep the unit away from heat sources, direct sunlight, moisture, water and other liquids.
4. Do not use the appliance if it has been dropped or damaged in any way.
5. Repairs to electrical equipment should only be carried out by a qualified electrician. Incorrect repairs can put the user at serious risk.
6. Do not operate the appliance with wet hands.
7. Do not put objects into the openings.
8. Keep the unit free of dust, lint, etc.
9. Do not use this device for purposes other than those for which it was designed.
10. Keep the device out of the reach of children.
11. This device is not a toy.
12. Clean the device with a soft, damp cloth. Never use harsh chemicals or abrasives.
13. Keep the device away from damp or wet environments.
14. Never disassemble the mouse yourself.
15. Do not place the mouse near a window where it will be exposed to direct sunlight.
16. Do not place the mouse in areas where water is likely to splash on it.
17. Do not place heavy objects on the mouse.
18. Avoid excessive shock or vibration of the mouse.
19. Clean the exterior of the mouse by wiping it with a mild cleaning solution.
20. Caution: Risk of damage if aggressive cleaning agents or solvents such as petrol or alcohol are used or if liquids penetrate the mouse.
21. Caution: MRL Syndrome
RSI stands for Repetitive Strain Injury. The RSI syndrome occurs as a result of small, continuously repeated movements. Typical symptoms are pain in the fingers or neck.

22. As a preventive measure, we advise you to:

- Organize your workplace ergonomically.
- Position the mouse and the mouse so that your arms and wrists are at the side of your body and extended.
- Take several short breaks, if necessary, accompanied by stretching exercises.
- Change your body posture often.

23. This unit is designed exclusively for computer equipment and indoor use.

24. Do not stare directly at the sensor beam, it can damage your eyesight.

**Correct disposal of the unit
(Electrical and Electronic Equipment)**

(Applicable in the European Union and the rest of Europe that have adopted separate collection systems countries)

The European Directive 2012/19/UE on Waste Electrical and Electronic Equipment (WEEE), requires that old household electrical appliances must not be disposed of in the normal household waste stream. Old appliances must be collected separately in order to optimize the recovery and recycling of the materials they contain and reduce the impact on human health and the environment. The symbol of the crossed out dustbin is marked on all products to remind the obligations of separate collection. Consumers should contact their local authority or retailer for information concerning the correct disposal of their product.
