Safety Instructions

Please read the following instructions carefully before using the equipment and retain them for future use. Misuse of the equipment may cause damage or injury to the user. Ensure that you use the equipment for its intended purpose. We do not accept any responsibility for damage (damages) due to incorrect use or mishandling.

1. Adult supervision is recommended if children are using this product.
2. Use this game in a safe environment, on suitable surfaces (grass, sand or flat ground) and in open areas.
3. Do not use this game in bad weather.
4. Do not throw the pieces of the game at people or animals.
5. Store the game in a clean and dry place when not in use.
6. Not suitable for children under 6 years of age.

Use

The game is designed as standard for 2 or 8 players.

Setting up : Assemble the wooden supports to form a cross and then place the targets on the supports, placing the yellow target in the centre of the cross and then respecting the colours.

Rules of the game : The aim of the game is to score as many points as possible by throwing the rings around the targets and respecting the colours. Rings that fall next to the targets do not count and are not replayed. Rings that circle a target of the wrong colour score 1 point. Rings that surround a target of the same colour score the number of points indicated on the cross. Each player throws all 5 rings during their turn and then hands over to the other team. The winner is the first player or team to reach or exceed 100 points. The thrower must stand about 2 meters away from the cross. Flip a coin to see which player or team goes first.

Cleaning and storage

After use, wipe the targets and cross pieces with a soft, damp cloth. Store the equipment dry and clean in its carrying bag. Store in a clean, dry place. To wash the carry bag, refer to the care label sewn into the bag.
