Safety Instructions

Please read the following instructions carefully before using the equipment and retain them for future use. Misuse of the equipment may cause damage or injury to the user. Ensure that you use the equipment for its intended purpose. We do not accept any responsibility for damage (damages) due to incorrect use or mishandling.

1. Adult supervision is recommended if children are using this product.
2. Use this game in a safe environment, on suitable surfaces (grass, sand or flat ground) and in open areas.
3. Do not use this game in bad weather.
4. Do not throw the pieces of the game at people or animals.
5. Store the game in a clean and dry place when not in use.
6. Not suitable for children under 6 years.

Use of the device

From 2 to 8 players.

Aim of the game: The aim is to reach 50 points. **Setting up:**

Place the 12 numbered pins as shown (Figure 1).

The first thrower stands 3 or 4 metres from the first pin and marks on the ground the place where the throwers will have to stand during the whole game

Rules of the game :

The pins are numbered from 1 to 12 and give points when they fall.

Throw the unnumbered pin into the game. If only one pin falls,.

The player wins the number of points indicated on the pin. If more than one pin is knocked down, each pin counts as 1 point (example: 3 pins knocked down = 3 points).

the teams take turns throwing the unnumbered pin. Preferably, discard the unnumbered pin horizontally.

warning: the player or team that goes over 50 immediately goes back to... 25 points

A team that scores zero in three consecutive rounds immediately loses the match.

After each delivery, the fallen pins are lifted by positioning the base of the pin where the tip of the pin was. The pins move away as the game continues.

Cleaning and storage

Wipe the different parts of the game with a soft, damp cloth. Store the equipment dry and clean in its carrying bag. Store it in a clean and dry place.

To wash the carry bag, refer to the care label sewn into the bag.
