Subject to errors and omissions in images and descriptions, as well as sold-out items

PROCHEF WIRELESS THERMOMETER WP100EU

Cook like a pro, no experience required. Ninja ProChef Wireless Thermometer, the durable, app-connected meat thermometer with extended battery life (up to 30 hours) and the ability to withstand temperatures up to 370°C. Easy charging in container.

FOR INDOOR AND OUTDOOR USE Perfectly cooked results every time whether you cook in an oven, air fryer, grill or smoker.

DUAL SENSORS measure internal and ambient temperature for accurate results in almost any environment.

NINJA COMPANION MODE Use it with your Ninja devices. Select your Ninja appliance in the app, access cooking charts and recommendations to cook with even more precise estimated finish times.

HEATSHIELD TECHNOLOGY makes this digital thermometer flame-resistant* and can withstand temperatures up to 370°C - so you can roast, smoke, sear, char and grill with confidence. No more worrying about flare-ups*.

MULTI-TASK LIKE A PRO from up to 50 meters away with long Bluetooth range - so you can focus on preparing the rest of your meal or spending time with family and friends.

WATERPROOF DESIGN means you don't have to worry about sauce splatters or grill grease, and you can safely wash the probe without compromising on technology.

*Tested with direct propane combustion heat at 1920°C for 2 minutes.
