SHARK BEAUTY HT202EU HEATED COMB & BLOW DRYER BRUSH

Meet the Shark SmoothStyle Heated Comb Straightener + Smoother, the ultimate solution for smooth, voluminous and healthy hair.

TWO FUNCTIONS IN ONE TOOL: easily switch between Wet Hair Mode and Dry Hair Mode to dry, volumise, straighten and style your hair. With one simple twist, you can customise your styling as needed.

NO HEAT DAMAGE: Wet Hair Mode dries and volumises your hair without reaching damaging temperatures. It provides even heat distribution and protects against overheating, making it more gentle than traditional heat brushes.

DRY HAIR MODE: Make your hair smooth, weightless and frizz-free. Perfect for straightening hair on wash days or to freshen up on non-wash days.

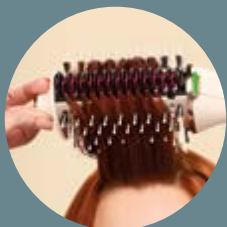

HEATED COMB TECHNOLOGY: Ceramic-coated plates maximise hair volume, softness and shape while creating a beautiful, curvy finish. For all hair types: Whether your hair is straight, wavy, curly or frizzy, Shark® SmoothStyle™ is designed to deliver perfect results.

COOL-TOUCH TIP: You can hold on to for more control during styling.

Three preset air temperatures and one preset heated comb setting so you can find the perfect temperature for your hair.
