

Shark FLEXBREEZE

Indoor Outdoor Transformable Fan

SHARK FLEXBREEZE HIGH VELOCITY HYBRID CORDLESS & CORDED FAN

Keep your cool, whatever the temperature with Shark's first fan. FlexBreeze offers true versatility, both outside and inside your home. Discover many ways to use the fan, with 12 different combinations to help you stay cool, whether you're in a large room indoors or on a sun-drenched patio.

LIFT-AWAY TECHNOLOGY It's easy to enjoy lasting cool breeze throughout the day. Press the button on the back of the pedestal pole to transform FlexBreeze into a pedestal or tabletop fan in seconds.

THE 12-IN-1 FAN Explore combinations of indoor or outdoor, tabletop or pedestal, corded or cordless and with or without the InstaCool Mister attachment that can turn it into a misting fan with a pipe hose. The timer also allows you to set the timer in 1-hour increments, for up to 5 hours of cooling fan breeze.

SIMPLE AND EASY TO USE Three simple button controls on the fan allow you to select your ideal fan settings: Fan speeds, Breeze Modes (offer a varying airflow that simulates a natural breeze, Oscillation 45°, 90° and 180° angles.

BATTERY INDICATOR Quickly see how fully the battery is charged with five distinct colours and light patterns. The fan even works when it's charging and takes 5 hours to fully charge from 0%.

InstaCool Misting Attachment

Enjoy a revitalising spritz of water with the included misting attachment. Designed for use with a hose pipe, it clips onto the fan's front grill to deliver a cooling mist.

Whisper-quiet, yet incredibly powerful

Experience cooling breeze up to 20 metres away. Even on the highest settings, FlexBreeze's ultra quiet blades create a white noise that's gentle enough to use in the bedroom.
