## **User manual**

Thank you to have purchased a product brand Livoo. We take great care in design, ergonomics and simple use of our products. We hope that this product will give you complete satisfaction.

### **PLEASE READ ALL INSTRUCTIONS CAREFULLY**

This instruction manual is also available on our website [www.livoo.fr](http://www.livoo.fr)

**BEFORE USING THE APPLIANCE FOR THE FIRST TIME, PLEASE READ THESE SAFETY INSTRUCTIONS CAREFULLY AND KEEP THEM FOR FUTURE REFERENCE.**

1. Use this product only with the included USB charging/data cable and a USB port on your PC
2. Use and store this product in a room temperature controlled environment
3. Unplug this product when unused for a long period of time or during power-related events such as power outage or lighting storm
4. Refer this product to qualified service personnel in the event that it and/or included accessories have been damaged and/or do not function properly. Incorrect repairs can put the user at serious risk.
5. Do not cover, block any ventilation openings, or use this product in a confined space
6. Do not use near or expose this product to liquids, and power it off immediately if liquids come in contact
7. Do not insert foreign objects into product openings

#### **CAUTION:**

8. Failing to follow all safety guidelines may result product damage, explosion, fire, and/or electric shock
9. The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment
10. Such modifications could void the user authority to operate the equipment

#### **RISK OF SHORT CIRCUIT OF FIRE!**

11. Before you connect the product to a power socket, ensure that the power voltage matches the value printed on the back or bottom of the product
12. Never connect the product to a power socket if the voltage is different
13. If the product is transported in temperature below 5 degrees Celsius, unpack the product and wait until its temperature matched room temperature before connecting into a power socket

#### **RISK OF OVERHEATING!**

## User manual

14. Never install this product in a confined space. Always leave a space of at least four inches around the product for ventilation.
15. Keep the original product documentation for future reference.
16. Keep the unit away from heat sources, direct sunlight, moisture, water and other liquids.
17. Do not use the appliance if it has been dropped or damaged in any way.
18. Do not operate the appliance with wet hands.
19. Keep the unit free of dust, lint, etc.
20. Do not place heavy objects on the keyboard.
21. Do not use this device for purposes other than those for which it was designed.
22. Keep the device out of the reach of children.
23. This device is not a toy.
24. Clean the device with a soft, damp cloth. Never use harsh chemicals or abrasives.
25. Caution: Risk of damage if aggressive cleaning agents or solvents such as petrol or alcohol are used or if liquids penetrate the keyboard.
26. Caution: MRL Syndrome  
RSI stands for Repetitive Strain Injury. The RSI syndrome occurs as a result of small, continuously repeated movements. Typical symptoms are pain in the fingers or neck.
27. As a preventive measure, we advise you to:
  - Organize your workplace ergonomically.
  - Position the keyboard and the mouse so that your arms and wrists are at the side of your body and extended.
  - Take several short breaks, if necessary, accompanied by stretching exercises.
  - Change your body posture often.
28. This unit is designed exclusively for computer equipment and indoor use.
29. Don't let the device fall on the floor. The internal circuit might get damaged.
30. Do not use the product if it has been dropped or damaged in any way.
31. Keep pets away from this appliance and ensure that children are supervised and do not play with it. This appliance is not intended for use by persons (including young children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
32. Ensure cable is not a tripping or entanglement hazard.

### Correct disposal of the unit (Electrical and Electronic Equipment)

(Applicable in the European Union and the rest of Europe that have adopted separate collection systems countries)

The European Directive 2012/19/UE on Waste Electrical and Electronic Equipment (WEEE), requires that old household electrical appliances must not be disposed of in the normal household waste stream. Old appliances must be collected separately in order to optimize the recovery and recycling of the materials they contain and reduce the impact on human health and the environment. The symbol of the crossed out dustbin is marked on all products to remind the obligations of separate collection. Consumers should contact their local authority or retailer for information concerning the correct disposal of their product.
