WIRELESS MEAT THERMOMETER

Two Thermometers – Double the Precision and Freedom

This wireless set from Hâws BBQ includes two separate meat thermometers – each with a dual sensor to measure both core and ambient temperature at the same time. Perfect for cooking two different cuts at once – like chicken and roast – while keeping full control over both.

The waterproof, durable thermometers feature long battery life and a range of up to 244 metres, giving you the freedom to move around while your food cooks.

Everything is easily managed through the CHEFBBQ app for iOS and Android, giving you live updates, temperature alerts and cooking recommendations directly on your phone.

A smart set for those who value flexibility, precision, and top-tier cooking.

RANGE: UP TO 244 M
